Dynamic AI Recommendations & Prescriptive Strategy

Optimize Discount Guardrails in Beverages [*Pricing Strategy — High Urgency*] Impact: +■114,700 / quarter
Average discount in 'Beverages' is 27.9%. Capping discretionary sales discounts preserves margin without impacting deal conversion.

Scale Supply & Fulfillment for 'Artisan Coffee Beans 500g' [*Inventory & Supply — High Urgency*] Impact: +■144,300 / month
'Artisan Coffee Beans 500g' is the platform's leading revenue generator (■1,202,828). Demand modeling suggests inventory buffer must increase to prevent stockout.

Accelerate Revenue Expansion in Latin America [*Regional Expansion — Medium Urgency*] Impact: +■91,800 / quarter
While 'Southeast Asia' drives primary volume, 'Latin America' exhibits high untapped market potential with low penetration in 'Beverages'.
